## X. DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

# A. OFFICE OF THE SECRETARY

### STRATEGIC OBJECTIVES

### MANDATE

The Department shall be the primary government agency responsible for the conservation, management, development, and proper use of the country's environment and natural resources, specifically forest and grazing lands, mineral resources, including those in reservation and watershed areas, and lands of the public domain, as well as the licensing and regulation of all natural resources as may be provided for by law in order to ensure equitable sharing of the benefits derived therefrom for the welfare of the present and future generations of Filipinos.

## VISION

A nation enjoying and sustaining its natural resources and a clean and healthy environment

## MISSION

To mobilize our citizenry in protecting, conserving, and managing the environment and natural resources for the present and future generations.

### KEY RESULT AREAS

- 1. Transparent, accountable and participatory governance
- 2. Poverty reduction and empowerment of the poor
- ${\bf 3.}$  Integrity of the environment and climate change adaptation and mitigation

# SECTOR OUTCOME

- 1. Improved conservation, protection and rehabilitation of natural resources
- 2. Improved environmental quality
- 3. Enhanced resilience of natural systems and communities

# ORGANIZATIONAL OUTCOME

- 1. Environment and Natural Resources Sustainably Managed
- 2. Ownership of Public Agricultural Lands Ensured

## PERFORMANCE INFORMATION

- 1. Good and shared governance characterized by transparency, accountability and integrity;
- 2. Consultative and participatory planning and budgeting, implementation, monitoring, and evaluation of programs and projects (e.g., engagement of Civil Society Organizations, Local Government Units, and other stakeholders;
- 3. Enhanced / strengthened information, education, and communication and advocacy campaign;
- 4. Adoption and implementation of poverty reduction programs;
- 5. Proper resource use and allocation and equitable access to resources;
- 6. Rehabilitation and restoration of degraded ecosystems through conservation-oriented and ecologically sensitive practices and techniques:
- 7. Use of scientific-based information and technologies as output of research and development as bases for policy and decision-making;
- 8. Efficient and effective enforcement of environmental laws and regulations;
- 9. Develop and enhance database and networking system both for internal and external users: and
- 10. Build capacities of implementing organizations, partner agencies and other stakeholders.

ORGANIZATIONAL OUTCOMES (OOs) / PERFORMANCE INDICATORS (PIs)	BASELINE	2016 TARGETS
Environment and Natural Resources Sustainably Managed		
Open and degraded / denuded areas rehabilitated	FY 2010: 6.8M hectares forest cover	Forest cover increased from 6.8M hectares to 8.3M hectares by 2016
Percentage change in number of identified illegal logging hotspot areas	31 Hotspot areas	31 hotspot areas neutralized
wnership of Public Agricultural Lands Ensured		
Increased number of families with secured tenure over their residential lots	Total: 2.5M hectares	54,615 patents issued in public agricultural lands by 2016

### B. ENVIRONMENTAL MANAGEMENT BUREAU

## STRATEGIC OBJECTIVES

## MANDATE

The Bureau is mandated to implement the following national environmental laws: PD 1586 (Philippine Environmental Impact Statement System of 1978), RA 6969 (Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990), RA 8749 (The Philippine Clean Air Act of 1999), RA 9003 (The Ecological Solid Waste Management Act of 2000), RA 9275 (Philippine Clean Water Act of 2004), and RA 9512 (Environmental Awareness and Education Act of 2008). Under E.O. 192, the Bureau is mandated to provide Research and Laboratory Services; and serve as Secretariat in the adjudication of pollution cases. Under E.O. 320, the Bureau is designated as the Secretariat of the Designated National Authority for Clean Development Mechanism of the Kyoto Protocol to the United Nations Framework Convention on Climate Change.

### VISION

A nation empowered to protect our finite natural resources, attuned to the pursuit of sustainable development, for a clean and healthy environment that enhances the Filipino quality of life for present and future generations

### MISSION

To protect, restore and enhance environmental quality towards good public health, environmental integrity and economic viablity

### KEY RESULT AREAS

Integrity of the environment and climate change adaptation and mitigation

## SECTOR OUTCOME

Environmental quality for a cleaner and healthier environment improved

# ORGANIZATIONAL OUTCOME

Clean and Healthy Environment Sustained

## PERFORMANCE INFORMATION

# KEY STRATEGIES

- 1. Develop systems and mechanisms for improved monitoring and enforcement of environmental laws through the establishment of strong support systems to include among others the following: streamline processing of permits, computerization system, centralized database management, strengthening legal services and partnership programs with local government units and other stakeholders, upgrading of laboratory facilities, capacitating of personnel, implement National Information, Education and Communication Program and promote multi-media monitoring scheme
- 2. Develop, review and evaluate the effective implementation of environmental policies (Air, Water, Toxic Chemicals and Hazardous Waste, Solid Waste, Climate Change Adaptation and Environmental Impact Assessment)

C. MINES AND GEO-SCIENCES BUREAU

# STRATEGIC OBJECTIVES

# MANDATE

The Mines and Geosciences Bureau is the primary government agency under Department of Environment and Natural Resources (DENR), responsible for the conservation, management, development and proper use of the country's mineral resources including those in reservations and lands of public domain.

In pursuing the mandate, it envisions a mining and minerals industry that is not only prosperous but also socially, economically and environmentally sustainable, with broad community and political support while positively and progressively assisting in the government's program on revitalizing the minerals industry and contribution to the general economic well-being of the nation.

# VISION

MGB envisions to be an enabler of a mining industry that is not only prosperous but also socially, economically and evironmentally sustainable, with broad community and political support while positively and progressively assisting in government's programs on poverty alleviation and contributing to the general economic well-being of the nation. It also aims to become the leading geoscience and geo-resources agency serving the public and nation with scientific reliability.

### MISSION

The MGB, as steward of the country's mineral resources, is committed to the promotion of sustainable mineral resources development, aware of its contribution to national economic growth and countryside community development. It fully recognizes that the development of a responsive policy framework in partnership with stakeholders to govern mineral exploration, mining and investment decisions and an effective institutional structure, are fundamental requisites for the sustainable utilization of the country's mineral resources. It is adherent to the mineral promotion of geological studies as an integral element of socio-economic development, environmental protection and human safety. Yet, it is sensitive to the known environmental impacts of mining and the need for restoration and rehabilitation of mining affected areas and the development and adoption of environmental and geoscientific technologies.

### KEY RESULT AREAS

Climate Change Adaptation and Mitigation

### SECTOR OUTCOME

Natural resources conserved, protected and rehabilitated

## ORGANIZATIONAL OUTCOME

Adaptive Capacities of Communities Improved

## PERFORMANCE INFORMATION

- 1. Rational exploration, development, utilization and conservation of the country's mineral resources
- 2. Geo-sciences and geo-resources research and services for disaster risk management and mineral resources development
- 3. Adherence to the principles of responsible mining under the framework of sustainable development which meets the needs of the present without compromising the ability of the future generation with the view of improving the quality of life both now and in the future
- 4. Equal consideration on the economic, environmental and social development aspects of the mining operations

ORGANIZATIONAL OUTCOMES (OOs) / PERFORMANCE INDICATORS (PIs)	BASELINE		2016 TARGETS

## D. NATIONAL MAPPING AND RESOURCE INFORMATION AUTHORITY

## STRATEGIC OBJECTIVES

# MANDATE

Government's central mapping agency, depository and distribution facility for natural resources data of the country

## VISION

By 2020, NAMRIA is a center of excellence building a geospatially-empowered Philippines

## MISSION

To provide accurate, timely and accessible topographic maps, nautical charts, and other geospatial products and services.

# KEY RESULT AREAS

- 1. Rapid, inclusive, and sustained economic growth
- 2. Integrity of the environment and climate change adaptation and mitigation

# SECTOR OUTCOME

- 1. Resilience to climate change and natural disasters increased
- 2. Human development status improved

# ORGANIZATIONAL OUTCOME

Improved access to updated geospatial information

# PERFORMANCE INFORMATION

- 1. Continue the production of topographic base maps of priority areas
- 2. Intensify hydrographic survey of maritime zones specifically domestic sealanes
- $3.\ \mbox{\it Maintain}$  the national geodetic network
- 4. Undertake thematic mapping activities to support disaster risk reduction and climate change adaptation
- 5. Continue the implemntation of the Philippine Geoportal project

RGANIZATIONAL OUTCOMES (OOs) / PERFORMANCE INDICATORS (PIs)	BASELINE	2016 TARGETS
mproved access to updated geospatial information		
Increased coverage of topgraphic base maps and nautical charts	2,343 Large Scale Maps	38% coverage of new 1:10,000 topographic base maps
	77 Nautical Charts	223 updated nautical charts available
AJOR FINAL OUTPUTS (MFOs) / PERFORMANCE INDICATORS (PIs)		2016 Targets
MFO 1: PROVISION OF MAPPING SERVICES		
Production of Maps		
Number of maps and charts produced or updated and publis	hed	2,
Percentage of clients who rate the quality of maps and c	harts produced as satisfactory	y or better
Percentage of maps updated in the last 5 years		
Electronic Database Public Information		
Number of hits/access of database (web-based)		48,
Percentage of web page downtime lasting 5 mins. or more		
Percentage of access attempts with a lag time of 10 sec.	or more	

## E. NATIONAL WATER RESOURCES BOARD

## STRATEGIC OBJECTIVES

# MANDATE

The NWRB is the government regulatory and coordinating agency for water resources management and development in the country. It is responsible for achieving a scientific and orderly development of all water resources of the Philippines consistent with the principles of optimum utilization, conservation and protection to meet present and future needs.

## VISION

Water for All

# MISSION

Ensure access to safe, adequate water supply and sanitation at acceptable rates and level of service. Allocate sufficient water that will ensure food security and spur economic development of the country. Protection of the water environment to preserve flow regimes, biodiversity and cultural heritage as well as the mitigation of water-related hazards.

# KEY RESULT AREAS

- 1. Rapid, inclusive and sustained economic growth
- 2. Integrity of the environment and climate change adaptation and mitigation

## SECTOR OUTCOME

Resilience to climate change and natural disasters increased

# ORGANIZATIONAL OUTCOME

- 1. Water resources allocation sustainably managed
- 2. Quality, adequacy and accessibility of water supply services maintained/improved

# PERFORMANCE INFORMATION

- 1. Formulation of water policies responsive to the changing environment, society and climate.
- 2. Development of science-based decision support tools integrating climate change and the principle of Integrated Water Resources Management (IWRM)
- 3. Strict implementation of laws and policies
- 4. Development of strong coordination and collaboration with partner agecines / institutions (i.e., LGUs, NGAs and academe) towards achieving sustainable use of water.

RGANIZATIONAL OUTCOMES (OOs) / PERFORMANCE INDICATORS (PIs)	BASELINE	2016 TARGETS
ater resources allocation sustainably managed		
Increase in the number of river basins / critical areas with scientifically robust water information and decision support tools	FY 2013: 2 critical areas	One river basin and two critical areas
Increase in the compliance of water permit and CPC conditions	FY 2013: 10% of monitored violators is in compliance	Increase in compliance from 10% to 15%
Reduction in the number of illegal water users	FY 2010: indicative data of 6,000 (w / o Water Permit / Certificate of Public Convenience)	10% reduction of illegal water users
uality, adequacy and accessibility of water supply services aintained / improved		
Compliance of private water service providers on the standard of water supply services increased (standards in terms of hours of service, water quality, pressure, etc.)	FY 2013: 8% of existing water service providers	10% of existing water service providers monitored

#### F. PALAWAN COUNCIL FOR SUSTAINABLE DEVELOPMENT STAFF

### STRATEGIC OBJECTIVES

### MANDATE

The Palawan Council for Sustainable Development Staff serves as the regular professional staff of the Palawan Council for Sustainable Development and provides the machinery to coordinate the policy and functions, implement programs and organize services as required by the Council in the governance, implementation and policy direction of the Strategic Environmental Plan (SEP) for Palawan.

#### VISION

To be united, committed and competent partner in development through holistic integration of environmental protection with relevant land use planning and rational use of Palawan's natural resources with the Strategic Environmental Plan (SEP) Framework in order to improve the quality of life in Palawan.

## MISSION

To be the professional executing agency for the Palawan Council for Sustainable Development in pursuance of Republic Act 7611, the SEP, which aims to promote development, conservation, management, protection and utilization of the natural resources of Palawan for the present and future generations

### KEY RESULT AREAS

Integrity of the environment and climate change adaptation and mitigation

## SECTOR OUTCOME

Natural resources conserved, protected and rehabilitated

# ORGANIZATIONAL OUTCOME

- 1. Palawan Natural Resources Sustainably Managed
- 2. Loss of Palawan Biological Diversity Prevented

# PERFORMANCE INFORMATION

- 1. Strengthening of the ECAN in each of its three components (terrestrial, coastal / marine area, and tribal ancestral lands) through enhancement of human capacities and existing management, regulatory, and monitoring and evaluation system and through investment in accurate, updated, and scientific information
- 2. Mainstreaming and institutionalization of the ECAN system into local development planning process through formulation and coordination of plans, policies, and programs; the management of the ECAN zones; and implementation of compatible activities within the zones
- 3. Rationalization of the entry of conservation and development projects in Palawan through the operation of the SEP Clearance System, including monitoring of the terms and conditions of clearances, permits, and accreditations issued
- 4. Intensification of environmental law enforcement through establishment of enforcement teams in environmental crime hotspot areas
- $5.\ Promotion of conservation partnerships and financing$
- 6. Engagement of local stakeholders and maximization of people participation in natural resource management, conservation and protection

	NAL OUTCOMES (OOs) / PERFORMANCE INDICATORS (PIs)	BASELINE	2016 TARGETS
lawan Natı	ural Resources Sustainably Managed		
	age of forest cover within Environmentally Critical etwork (ECAN) Core Zones and Restricted Use Areas	FY 2005: 90.5% or 508,000 ha forest area out of 561,000 ha of ECAN Core Zones and Restricted Use Areas	Forest cover within ECAN Core Zones and Restricted Use Areas greater than 90.5% by 2016
value e	age of coastal and marine areas with high conservation ffectively and equitably managed through ECAN system and ffective area-based conservation measures	FY 2010: 8.05% or 368,500 ha of Marine Protected Areas (MPAs) out of 4,580,000 ha municipal waters	Percentage of MPAs or other local marine conservation areas effectively and equitably manage increased by 0.65% (29,770 ha) to 2016
ss of Pala	awan Biological Diversity Prevented		
	of threatened species of wild flora and fauna in Palawan ed from extinction	FY 2010: 450 (163 threatened fauna and 287 threatened flora species)	100% of 450 threatened terrestrial and marine wildlife species prevented from extinction by 2016
	population of critically endangered Philippine Cockatoo a haematuropygia)	FY 2014: 441 (P Widmann 2014, pers. comm., 21 March)	Population of Philippine Cockatoo in Palawan increased to
			500 by 2016
